

## LED CEILING LIGHT

LED CEILING LIGHT

### FEATURES

|                |                 |
|----------------|-----------------|
| Model          | LX60040W        |
| CCT            | 3000K ~ 6500K   |
| CRI            | ≥80             |
| Voltage        | 100 ~240 VAC    |
| Wattage        | 40 Watts        |
| PFC            | >0.9            |
| Lumen          | 2500 LM         |
| Efficacy       | 62.9Lm/W        |
| Lighting Angel | 81              |
| Lux/2Meter     | 350±30          |
| Operating Temp | -20C ~60C       |
| Weight         | 3.5kg           |
| Rated Life     | >30,000 hrs     |
| Size (mm)      | 602 x 602 x10.9 |

### BENEFITS

- Highly Efficient, no electromagnetic interference
- RoHS compliant – contains no mercury or lead
- Instant on, no delays
- High CRI for better visibility
- Light weight, easy to install
- Longer life leads to reduced maintenance and material cost
- Patent Microlens Light Extraction technology
